

How to Manage Bridge Agreements

Open your existing Bridge agreements to review status or export a copy.

1. Sign in at www.itsorealestate.ca. If you are an ITSO ATP, sign in at www.bridgedataoutput.com.
2. Open Bridge Agreement Management on the dashboard. ATPs open Agreements.
3. Select View existing agreements. ATPs select Existing Agreements.

Open an agreement to review it, or export a copy if you need one.

After someone executes, others on the agreement receive an email and must complete their signature section before proceeding.

Tips
