

How Membership Works with ITSO

ITSO does not offer direct membership. ITSO's members are its Member Associations. To explore membership options, contact Cornerstone Association of REALTORS® or Brantford Regional Real Estate Board.

Who ITSO's members are

Information Technology Systems Ontario (ITSO) is a not-for-profit corporation wholly owned and controlled by its real estate association members. ITSO's members are those associations - not individual REALTORS® or brokerages joining ITSO on their own.

The current Member Associations are:

- Cornerstone Association of REALTORS®
- Brantford Regional Real Estate Board

ITSO provides MLS® tools and services for those associations and their REALTORS®. Access to ITSO systems is arranged through a Member Association, not by applying to ITSO for membership.

How to explore membership

Contact the Member Association that covers the area where you want to practise. Ask about membership options with that association. ITSO does not process membership applications.

- Cornerstone Association of REALTORS® - membership@cornerstone.inc or cornerstone.inc
- Brantford Regional Real Estate Board - mls@brrea.com or brrea.com

For association phone numbers and system support contacts, see [How to Get System Support](#).

Tips

- Questions about joining or transferring membership go to the Member Association, not to ITSO data feeds or AnswerLink as a first step.
- For what ITSO is and what it provides, see [What is ITSO](#).
