Mobile Access to Matrix

You can open Matrix in your mobile device's web browser. Open Safari, Chrome, or another browser on your phone and go to your Matrix login page. The main Matrix features work in the mobile browser, including searching for listings, managing contacts, and sending emails.

The New Home layout is responsive. It adjusts to your screen size and works well on mobile. For the best mobile experience, switch to New Home:

1. Open the Utility Menu (look for Hello, [Your Name] at the top right).
2. Turn off Classic Mode.
3. Select Go to New Home.

You get a dashboard that fits mobile use.

You can also use the Prospects Mobile app to access Matrix. This app will be rebranded Matrix Mobile in 2027.

Tips

- Use a mobile browser for full Matrix features on your phone.
- Switch to New Home for a layout that fits smaller screens. See Switch between Classic and New Home in Matrix.
- The Prospects Mobile app also gives you access to Matrix. It will be rebranded Matrix Mobile in 2027.
